American Indians who are individuals with disabilities residing on or near such reservations (referred to in this section as “eligible individuals”), consistent with such eligible individuals’ strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, so that such individuals may prepare for, and engage in, high-quality employment that will increase opportunities for economic self-sufficiency. The non-Federal share of such costs may be in cash or in kind, fairly valued, and the Commissioner may waive such non-Federal share requirement in order to carry out the purposes of this chapter.

**(b) Application; effective period; continuation of programs and services; separate service delivery systems**

(1) No grant may be made under this part for any fiscal year unless an application therefor has been submitted to and approved by the Commissioner. The Commissioner may not approve an application unless the application—

(A) is made at such time, in such manner, and contains such information as the Commissioner may require;

(B) contains assurances that the rehabilitation services provided under this part to American Indians who are individuals with disabilities residing on or near a reservation in a State shall be, to the maximum extent feasible, comparable to rehabilitation services provided under this subchapter to other individuals with disabilities residing in the State and that, where appropriate, may include services traditionally used by Indian tribes;

(C) contains assurances that the application was developed in consultation with the designated State unit of the State; and

(4) In making grants under this part, the Secretary shall give priority consideration to applications for the continuation of programs which have been funded under this part.

(5) Nothing in this section may be construed to authorize a separate service delivery system for Indian residents of a State who reside in non-reservation areas.

**(c) Funds reserved for training and technical assistance**

(1) From the funds appropriated and made available to carry out this part for any fiscal year, beginning with fiscal year 2015, the Commissioner shall first reserve not less than 1.8 percent and not more than 2 percent of the funds to provide training and technical assistance to governing bodies described in subsection (a) for such fiscal year.

(2) From the funds reserved under paragraph (1), the Commissioner shall make grants to, or enter into contracts or other cooperative agreements with, entities that have experience in the operation of vocational rehabilitation services programs under this section to provide such training and technical assistance with respect to developing, conducting, administering, and evaluating such programs.

(3) The Commissioner shall conduct a survey of the governing bodies regarding training and technical assistance needs in order to determine funding priorities for such grants, contracts, or cooperative agreements.
